TV

Comment No.	Date Comment Received	Center	Comment/Review Source(s) [Include Name/Phone No./ Mail Code]	Comment Section	Center Disposition	Comments and Recommended Changes			Comment Disposition
						From:	To:	Rationale:	
111	3/27/2013	GRC	Glenn L. Williams 216-433-2389/MS 86-5	5.4.1	Approved		add guidance	Use of IP cores should be contingent on levels of decision about reliability and safety. There are constraints and opinions against use of "open source" code and cores.	Withdrawn
112	3/27/2013	GRC	Glenn L. Williams 216-433-2389/MS 86-5	all	Approved		add guidance	The document has no discussion on the pros and cons of using open source IP.	Withdrawn

GRC/Linda Moore
VG Chair/OPR Designee

Comment Disposition Rationale, if Not Accepted
Per discussion with Glenn. Would be a good topic for future work.
Per discussion with Glenn. Would be a good topic for future work.
